

Crossbar Cycle Stand - Galvanised Information Sheet

Crossbar Cycle Stand - Galvanised

Our Crossbar Cycle Stand provides locking options for a wide range of bikes. It's a highly secure cycle storage solution with various locking options that suit many users. It's ideal for public areas because it doubles up as a tapping bar, which is required when placed on public foot-ways.

With quantity discounts available from The Bike Storage Company, these stands are a cost-effective choice of bike storage which optimises security and maximises choice.

Order today to provide a recognisable, convenient, secure place for cyclists to lock up their bikes.
