

Prestige Smoking Shelter Information Sheet

Prestige Smoking Shelter

Introducing the Prestige Smoking Shelter, a sleek solution for a designated smoking area that seamlessly fits into modern spaces.

The shelter is weather-resistant and customisable, with UV-stable anti-vandal polycarbonate, high-strength PVC Plastisol, or glass roofing options. Fabricated from 50mm box section, hot dipped galvanised, and supplied in standard RAL colours. The open-vented design protects the users while ensuring plentiful air movement through the shelter.

As per most of our designs, the Prestige Smoking Shelter can be tailored-made to any requirements.

Specification
